

FSC® – Forest Stewardship Council® Certified

FSC® – Forest Stewardship Council® Certified

What this means? – FSC runs a global forest certification system with two key components: Forest Management and Chain of Custody certification. This system allows consumers to identify, purchase and use wood, paper and other forest products produced from well-managed forests and/or recycled materials.

FSC's "tick tree" logo is used to indicate that products are certified under the FSC system. When you see the FSC logo on a label, you can buy forest products with confidence that you are helping to ensure our forests are alive for generations to come.

What does this mean for you? – FSC supports responsible forest management and certification shows that BKT comply with the highest social and environmental standards on the market. As public concerns about the state of the world's forests and timber resources increases, FSC provides BKT's clients with a credible solution to complex environmental and social procurement issues.

FSC certification helps to protect your brand and reputation and it allows you to access highly environmentally sensitive markets. Increasingly, governments and others specify FSC certified products in their procurement programs.

BKT offer a wide selection of environmentally friendly FSC certified papers including:

- 100% Recycled Silk/ Gloss/ Uncoated
- 75% Recycled Silk/ Gloss/ Uncoated
- 50% Recycled Silk/ Gloss/ Uncoated

All papers we use are FSC certified.
